

AMERICANISM TO THE FRONT.

The returns from Cook County, Ill., where Chicago is situated, show that every county candidate that ran on the American ticket or was endorsed by the Americans or "know nothings," was elected. The foreign element has for years run Chicago its own way, and this element has become so obnoxious that that the regular Americans combined to fight the common enemy, and they fought it successfully.

Healy's Whipping.

Dublin, Nov. 4.—Timothy Healy is greatly disturbed by the publicity the story of his whipping has received. He now declares that he throttled McDermott and prevented him from striking. There are plenty of witnesses to the contrary. These witnesses say that at least fifty lashes fell while Healy danced about yelling with pain and calling for some one to help him.

Healy must be black and blue all over from McDermott's blows, and it is believed that the real reason he refused to complain against McDermott for assault was his fear that the whole story would come out in the courts. After his horstwhipping Healy wept with vexation and pain. He has since been unable to sit down, at least in public.

COAST NEWS.

Two Chinese lepers on the streets of Vancouver, B. C., created great excitement Tuesday.

Ranchers around Idaho Falls, Idaho, are offering potatoes in the field at 10 cents per 100 pounds.

The prospects for the completion of a railroad from Salt Lake to Los Angeles are fair, according to a report that reaches Los Angeles.

The trial of J. W. Sullivan, the alleged arch-conspirator of the San Quentin confederacy, was resumed at San Rafael Tuesday.

Carl Tibbals, a brother of the Mayor of Port Townsend, has been arrested for the larceny of \$350. from his mother. All this money except \$12 he spent in Spokane "painting the town."

A man named Silva is under arrest at Salinas on a charge of embezzlement. He collected dues for the Order of Chosen Friends. His mother died and he used the money to defray the funeral expenses.

Work on the mountain road from Fresno is being done by Chinese labor. The white men complain that the work is too hard and they are not accustomed to such heavy labor. They have proved very unreliable, and this has compelled the contractors to secure Chinese hands.

A decided novelty in buttons are the aluminum. This metal is highly polished and made to resemble silver, and has the great advantage of holding its color. These buttons are great sellers but are now only made in small sizes and used mainly for children's clothing. They job at from \$1.05 to \$2 per gross. They look exceedingly nobby on navy blues, and in fact on all dark shades of boy's clothing.

Chief Crowley, of San Francisco, has detailed special policemen to stand in front of saloons, where there are swindling gambling games, to warn strangers from going in. An easier and more effective way would be to place a transparency in front of the saloon with the inscription "swindling game inside" in large letters. This would do the business in good shape.
